A very Pleasant Morning to one and all. On behalf of GIS fraternity, I feel truly honored to welcome you on the occasion of 'Annual Sports Meet KREEDA' 2025-26. At this juncture, I would like to walk through with the glimpse of events & activities of 2025-26."In the name of Almighty , the most Gracious, the Most Merciful" Just as a rainbow promises hope and brightens the lives by bringing in new vitality, vigor and zeal, the long cherished dreams have turned into reality under the leadership and guidance of , honourable Chairman. I am equally pleased to take stalk of our achievements and glories on this occasion in the form of the Annual Report of the School. Our school has honed and fine-tuned a learning and life-skilling system that has been envied and benchmarked across the region for past few years for quality in Education. An investment made in **GIS** pays many dividends through life. From the moment the child enters the school gates as a 4-year old, he gets to realize who he is; and where his/her potential lies. Irrespective of his background or caliber, he is groomed and nurtured in a way that he can stride into the adult world, confidently, responsibly and independently. Yet, in today's world, no institution of repute and quality can afford to sit on its laurels. So, a decisive shift in pedagogical approach under the able guidance of Mr. Siraj Khan ,CEO.

GIS is progressing in leaps and bounds towards its mission- "To meet global challenges with value orientation and liberation of mind" Achieving excellence is at the heart of endeavor of all educators and academic institutions. "India's most recognized Awards this year like Outstanding achievement award for 100% result from Bangalore Sahodaya Schools complex, Award from PSPA at Geetham University, Award from APSA Bangalore- " has been conceptualized to honour the excellence of private unaided schools in providing & adopting Innovative Teaching Methods .
